TAURUS

APRIL 20-MAY 20

PERSONALITY TRAITS

Represented by the bull, this sign has two speeds: relaxed or ready to charge. Although Taurus has a reputation for being grounded and practical, she also has a softer side and is easily enamored with art and culture.

DRESS HOROSCOPE

A pale blush dress with 3-D floral appliqué taps into this sign's earthy yet romantic leanings. Since Taurus is ruled by the throat and tends to have an attractive décolletage, a plunging V-neckline is also a must.
