WEDDING + LIFESTYLE INSPIRATION TO MAKE YOUR ♥ SKIP A BEAT

2017 ASTROLOGY EDITION

*Your passport to bridal fashion as inspired by your sign*

## ♈ ARIES

**MARCH 21 – APRIL 19** / Aries begins with the first day of spring so it is only fitting that your affair celebrates the season. Gardens, vineyards and rustic barns are spectacular settings. But even if forced to take the action into a ballroom, remember to bring the outside in with signature scents and sprays of boldly colored flowers. Seed packets of drought tolerant plants or local fruit jams are favors that give an added nod to the natural world. Fire signs in general have a flair for the dramatic — try a flashy shawl or vibrant floral fan — and tend to be energetic and creative so all-night dance parties and choreographed flash mobs are a given. Sate your sporty side with a little friendly competition at the welcome bash with

lawn games including oversized Jenga or customized cornhole sets, which will provide backyard fun for years to come.

**SPIRIT CITY** / Continue to get physical in Buenos Aires with private dance classes where it literally takes two to tango. Youthful stamina and on-point organizational skills will help you make the most of the capital's packed roster of must-dos including cemetery-meandering, opera-watching, browsing the wares in La Boca or San Telmo, or stopping to smell the roses in the Paseo del Rosedal.
